At Safa Community School, our assessments take into consideration the whole child. We observe communication skills, social development, behaviour, attitude, manners, and physical development – both large and small motor control and academic levels. We are also interested in specific talents in any field – musical, sporting or artistic, as well as academic.

Assessment Information:

- Foundation 1 and 2: A recent Nursery report is requested, if applicable, and all children are invited into school for a playdate, where our staff make observations to inform class placements.
- Year 1 and 2: Children are invited into school for a playdate, where we observe children at play looking at physical development, body awareness and readiness for learning.
- Year 3 to 6: Children are invited into school to complete a CAT4 assessment. Children also meet with a member of the pastoral team to engage in general conversation and share interests. Any documents such as previous reports, awards, or other indications of special interest or talent will be welcomed by the pastoral team to assist in forming a more complete picture of your child.
- Secondary: Students complete a CAT4 assessment and are invited to talk with the Head of Secondary and/or a pastoral lead, to share strengths, interests and goals for their secondary journey.

We take our time to allow us to get to know your child and assessments will normally take 30-60 minutes in Foundation Stage and Year 1. CAT4 testing requires an online assessment that takes approximately 1 hour and 40 minutes. All assessments are conducted either individually or in the form of a small group to ensure that it is a relaxed, stress-free experience.

Children with a range of complex needs, who are unable to access their year group assessments, will spend some time in a classroom to ensure the environment can be adapted to suit their needs. Accessible assessments, and/or observations will determine the level of support required. Parents will also be invited to speak to the Inclusion and Pastoral Heads to paint a full picture of the child's needs. A bespoke transition plan will be available, where it is deemed necessary.

All assessment documents, results and assessor's comments remain the property of Safa Community School. After the assessment, you will be contacted within a week by

the Registrar who will inform you whether Safa Community School are able to offer a place. Once offered, parents are requested to pay security deposits within 7 days, as per KHDA guidelines.

Safa Community School admits pupils in line with the Dubai Ministry regulations and the Safa Community School's admission policy.

The school welcomes students of determination and ensures that students are not refused admission based only on their experience of SEND. Our specialist Inclusion team ensures that each child achieves their true potential. For further information please see our Inclusion Policy.

Enquiries regarding the school can be made via the online enquiry form which can be accessed via this web site or by contacting the school directly. The Registrar is available to answer any individual queries regarding admissions.

The Registrar will be able to assist parents with the completion of all paperwork concerning registration. Providing that the registration process is complete and within Ministry cut off dates, places are offered immediately.

Safa Community School's admission's policy considers all children. Families are welcome to apply to Safa Community School regardless of nationality, ethnicity, gender or religion. Safa Community School is a truly inclusive, National Curriculum school.

Whenever possible we aim to interview every child and their parents prior to entry and each child must take an age-related placement test to ensure that they are ready for the high-quality education on offer at Safa Community School.

When considering placing a child within Safa Community School we consider the information provided by the child, parents, evidence from the previous school (school reports), the placement test and any other information that has been provided.

Documents required for registration are as follows:

- A copy of Emirates ID for child and both parents;

This is strictly enforced and failure to produce a properly completed certificate, or a legally binding undertaking to produce all the necessary documentation, will result in your child's place being withdrawn.

The Certificate must be on official school letterhead and must contain the following information:

- Full name of the child
- Date of enrolment in the school
- Child's date of birth
- Date the child left the school
- Grade / Class on leaving the school

- School stamp and signature of the Principal
