

ATTITUDE TO LEARNING: A SETTLING IN GRADE

Dear Parents and/or Carers

Your son/daughter's grade cards and reports will no longer be available through iSAMS Parent app. We have taken the decision to move to a new more powerful platform called Go 4 Schools that allows us to share easily more information with you in real time.

By using GO 4 Schools, you will be able to view your child's progress online and access the following information at any time:

- Real-time assessment information – marks and target grades for all subjects throughout the year.
- Attendance – Shown from the start of the academic year
- Timetable – Your child's daily and weekly timetable
- Progress Reports – Which are published three times a year

Your child's page is constantly updated, providing you with the latest information.

To access the site:

- please go to www.go4schools.com on a laptop or computer.
- click on the Parents icon at the top of the main page to arrive at the log-in screen.
- The email address you use to enter the site **must be the one we have registered in our database for you.**

To request a password for GO 4 Schools:

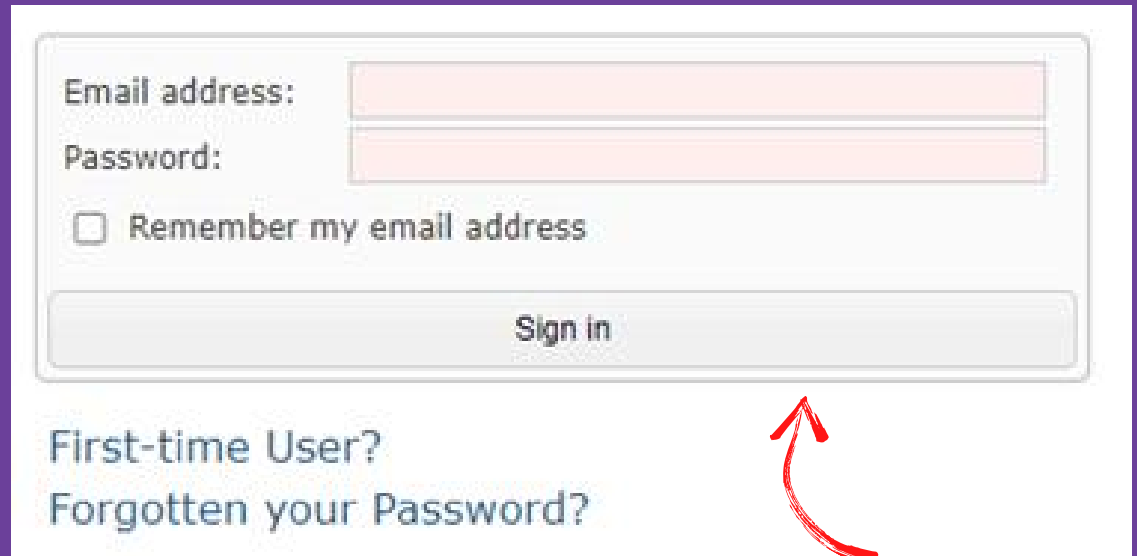

- please enter your email address into the First-time User field
- click 'Please send me a password'.
- A randomised password will then be generated and sent to your email address.

You will then be able to log into the site and view your child's page.

Logging in

Parents need to select the appropriate site to access the log-in page.

Parent log-in is set automatically so parents only need to log in as a first-time user and GO 4 Schools will authenticate their email address taken from the school records.

Updating settings and passwords

To update the settings for notifications and emails generated by GO4Schools select your name on the top menu bar and the 'Settings' option.

Once in the settings page parents can check their email contact address used by the school and notify the school if updated contact details are required.

To manage your communication settings a table showing options for Email, Mobile App and SMS are visible depending on the school's subscription, these can be updated specifically for each of the options available to the school:

	Receive updates by Email			Receive notifications via Mobile App			Receive updates by SMS		
	Enabled by school	Use when enabled?		Enabled by school	Use when enabled?		Enabled by school	Use when enabled?

Links at the top of the page will allow parents to see detailed information and alerts for inbox messages and reports. The academic year can be changed from a drop-down list if previous years are visible to parents.

The 'i' icon will display any student data that the school has shared with the parent regarding the child including SEND etc.

Alerts for items that have not been viewed will be displayed alongside the icons for each of these areas in GO 4 Schools.
